### Design and inspiration

Featuring gentle curves and intricate webbing, the Circo Dining Chair adds a touch of uplifting elegance to indoor and outdoor spaces. Sebastian Herkner came up with the design of the comfortable, lightweight chair after learning about the traditional travelling circuses of Colombia. Inspired by the quirky tents and the flamboyant costumes of the artists, he developed this series of chairs, tables and flower pots in cheerful colours. Additional seat pads covered with premium fabrics by Nya Nordiska are available upon request.

### About the designer

German designer Sebastian Herkner is a long-term collaborator of ames and has visited Colombia multiple times to experience the country's cities, nature and people first hand. He also visited many of the ateliers that ames has partnered with to learn about the unique traditional crafts of Colombia's regions. A sought-after contemporary designer and recipient of many industry awards, he has worked with many international design brands, creating intriguing pieces that showcase his intuition for interesting material, colour and texture combinations.

### Technical Specifications

#### Dimensions (mm)

Height: 775  
Width: 615  
Depth: 565  
Seat height: 440

#### Packaging dimensions

(H x W x D) (mm)  
800 x 800 x 700

#### Item weight (kg)

8

#### Craft and manufacturing

Each chair is made in Santa Marta, a city on the Caribbean coast of Colombia, by local craftspeople. They weave the PVC strings, which are made from recycled plastic, around a powder coated tubular steel frame. The weaving technique the artesanos and artesanas use is called Momposino, a traditional method known for intricate patterns. Just the preparation of all the materials takes 20 days, while the production of each chair takes two days.

#### Care instructions

Wipe clean with a damp cloth (do not use scratchy materials like a steel scourer) and gentle soap. You can also hose them down with water. To protect the colours, avoid exposing the product to direct sunlight over long periods and store indoors during winter. Fitted cover sold separately. If the product is exposed to sea air, wipe the frame regularly with a damp cloth.

### Design and inspiration

The Circo Flower Pot in joyful colours offers a vibrant home for your plants. Sebastian Herkner came up with the design of the charming piece after learning about the traditional travelling circuses of Colombia. Inspired by the quirky tents and the flamboyant costumes of the artists, he developed this series of chairs, tables and flower pots in cheerful colours. They can be used as planters but are also great for storing cushions, toys or magazines. The pot comes in four colour combinations and four different shapes and sizes.

### About the designer

Sebastian Herkner was born in 1981 in Bad Mergentheim. He studied product design at the Hfg Offenbach am Main (Offenbach University of Art and Design), already focusing during his studies on object and furniture design, merging various cultural contexts, combining new technologies with traditional craftsmanship in order to highlight the multifaceted beauty of the materials and draw renewed attention to small details. His intuition for materials, colours, textures and surfaces has made him a sought-after collaborator and he's worked with many international design brands. He's also known for his interior designs and creating unique exhibition spaces. His contributions to contemporary design have been honoured with numerous prizes, including the IF Award, the Elle Deco International Design Award and Maison et Objet's 'Designer of the Year' in 2019.
