Design and inspiration

Gaira is a charming village on the Caribbean coast of Colombia in the department of Magdalena and is named after the indigenous Gaira people who inhabited this land before the arrival of the Spaniards in 1540, and is famous for being one of the most popular beaches in Colombia. Gaira is the name of the new ames lounge and is inspired by the daily life and vibrant spirit of the region. The Gaira lounge is part of Ames' new outdoor furniture series, designed to bring the essence of the Colombian Caribbean to the most modern and stylish outdoor spaces.

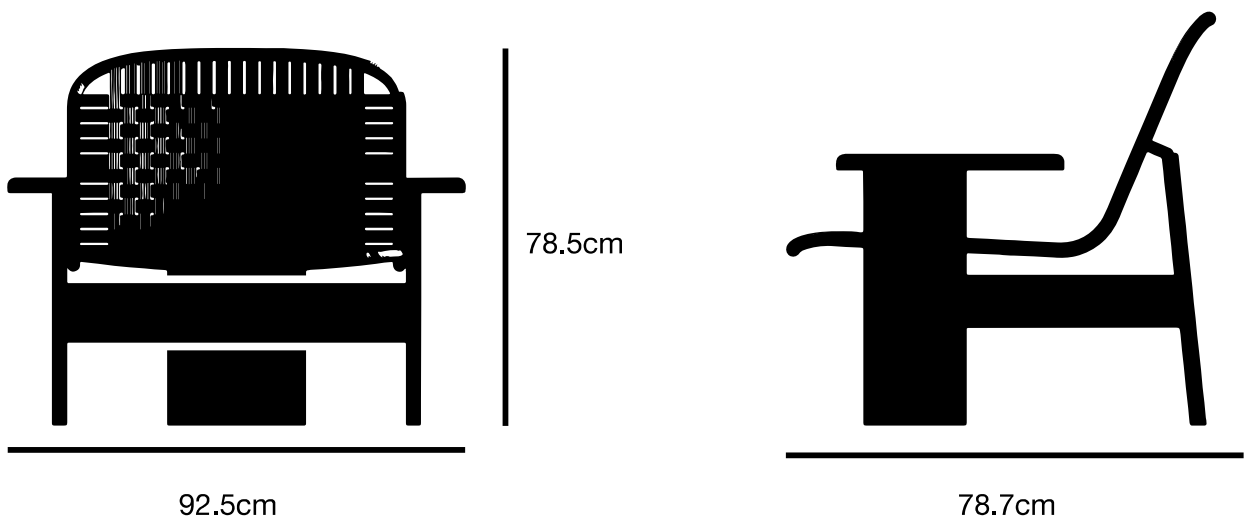

About the Designer

German designer Sebastian Herkner is a long-term collaborator of ames and has visited Colombia multiple times to experience the country's cities, nature and people first hand. He also visited many of the ateliers that ames has partnered with to learn about the unique traditional crafts of Colombia's regions. A sought-after contemporary designer and recipient of many industry awards, he has worked with many international design brands, creating intriguing pieces that showcase his intuition for interesting material, colour and texture combinations.
