Design and inspiration

The light Mulera Blanket is a luxurious, hand-woven blanket made with the finest wool. Sebastian Herkner, who visited Colombia multiple times and met the local craftsmen and craftswomen working for ames, designed the contemporary pattern that plays with the contrast of very wide and thin stripes. The blanket, which is available in four colour combinations, is perfect for cuddling up on the sofa or as a plaid for the guest bed.

About the designer

German designer Sebastian Herkner is a long-term collaborator of ames and has visited Colombia multiple times to experience the country's cities, nature and people first hand. He also visited many of the ateliers that ames has partnered with to learn about the unique traditional crafts of Colombia's regions. A sought-after contemporary designer and recipient of many industry awards, he has worked with many international design brands, creating intriguing pieces that showcase his intuition for interesting material, colour and texture combinations.

Craft and manufacturing

Each blanket is woven by hand on a vertical loom in our Colombian workshops where the local artesanos and artesanas use techniques that have been passed down over generations. They only use threads made from natural virgin wool, which has been dyed with natural pigments. Just the preparation of the wool takes four days, while the weaving takes six days.

Care instructions

Place the blanket in a laundry bag. It can be machine washed on a cold delicate cycle with similar colour, but we recommend dry cleaning if possible. Only use wool wash detergents. Do not tumble dry and let dry flat. The dimensions can vary minimally as each blanket is made by hand. Do not alter it yourself, as this could damage the knotting.
