for bespoke version

### Design and inspiration

With the Maraca Lounge Chair, Sebastian Herkner has created a charming spot to relax, inspired by the traditional Colombian hammocks. The gentle curves of the steel frame mirror the bend of the hand-woven seating fabric, whose pattern is an ode to the joy of life.

### About the designer

German designer Sebastian Herkner is a long-term collaborator of ames and has visited Colombia multiple times to experience the country's cities, nature and people first hand. He also visited many of the ateliers that ames has partnered with to learn about the unique traditional crafts of Colombia's regions. A sought-after contemporary designer and recipient of many industry awards, he has worked with many international design brands, creating intriguing pieces that showcase his intuition for interesting material, colour and texture combinations.

## Technical Specifications

D: 867 mm

H: 885 mm

### Dimensions (mm)

Height: 885  
Width: 727  
Depth: 867  
Seat height: 360

### Packaging dimensions

(H x W x D) (mm)  
800 x 800 x 1100

### Item weight (kg)

10

### Craft and manufacturing

The fabric of the chair is hand-woven with 100% cotton yarns. The preparation of all the materials takes three days, while the production of each chair takes two days.

### Care instructions

Wipe frame clean with a damp cloth. The chair can be used outdoors, but the removable cover should be taken off when not in use. To protect the colours, avoid exposing the chair to direct sunlight over long periods. Protect it with a cover or store it indoors during winter or wet weather conditions. The fabric can get wet but needs to dry completely before reattaching. You can machine wash the fabric on a delicate cycle. Do not use bleaching agents. Do not tumble dry. Let it dry flat and rolled out. If the fabric is creased, it can be ironed. If the product is exposed to sea air, wipe the frame regularly with a damp cloth. Fitted cover sold separately.
